

# Funmilola Oyeyipo

## Frontend Developer

Somolu, Lagos, Nigeria | [LinkedIn profile](#) | +2348105459339 | [Josieoyeyipo@gmail.com](mailto:Josieoyeyipo@gmail.com) | [Github repository](#)

A goal-oriented Frontend Developer with knowledge of HTML, CSS, and JavaScript seeking to use technical proficiency and creativity to develop engaging user experiences and advance in my technical professional career. Looking to learn and leverage effective debugging, code optimization and project collaboration capabilities to produce solutions that users love and positively impact the organization's bottom line.

## SKILLS

✓ Version Control Systems	✓ Back-End Database Integration	✓ HTML5	✓ CSS: Bootstrap
✓ Responsive Design	✓ Web Performance Optimization	✓ JavaScript	✓ Github
✓ Debugging and Troubleshooting	✓ Agile Project Management	✓ Git	✓ AutoDesk: Revit
✓ Communication: English and Korean (Oral and written)	✓ Cross-Browser Compatibility	✓ Lumion	✓ Visual Studio Code

## WORK EXPERIENCE

<b>Architectural Designer Intern</b>	Abuja, Nigeria
<i>Godab Nigeria Limited</i>	<i>September 2021 – November 2023</i>
<ul style="list-style-type: none"><li>Meticulously crafted duplex renovation drawings, streamlining construction and exceeding client expectations by 15% through efficient 3D modeling and drawing coordination.</li><li>Collaborated on the renovation of a proposed rural development project through strategic layout and pedestrian-friendly design to enhance community spaces, accessibility, and projected foot traffic by 20%.</li><li>Successfully supervised multiple construction projects, ensuring adherence to deadlines and quality standards. Identified and resolved potential issues, and prevented costly delays and rework.</li></ul>	

## PROJECTS

<b>Frontend Developer</b>	Remote
<i>Group Project - Divas Agency</i>	<i>January 2024</i>

Project: The **Sustainable Housing for All** (<https://wit-project-group3.vercel.app/>) project prioritizes flexible ownership models that cater to the needs of marginalized communities in Nigeria, making homeownership a possibility.

- Developed an interactive layout, using HTML, CSS and JavaScript to generate an improved user experience and ensure high-quality design and cross-browser compatibility
- Spearheaded debugging efforts to eliminate cross-browser issues, helped improve application functionality, and increased performance by optimizing page elements for faster loading times
- Contributed actively in requirement gathering and user story design
- Successfully collaborated with other developers and designers to continually optimize the website performance.
